UPU
INDUSTRIES LTD

**SecuroWrap – Baling for Waste References – June 2026**

**Reference no. 1:**

*"We have been working with UPU Industries for a number of years and throughout this time we have always found them to be a reliable and professional supplier.*

*Deliveries have been on time and the quality of the netwrap supplied has been of a very high standard. Product performance has been excellent and has met with our expectations.*

*In addition to the quality of the product, we have always received excellent customer support. Communication is prompt and professional, and we have developed a strong working relationship with our main point of contact at UPU Industries.*

*We would have no hesitation in recommending UPU Industries and their netwrap products to other businesses. We value our ongoing relationship with the company and look forward to continuing to work together in the future." –* ***Glanway, Ireland***

***Reference no. 2 :***

*"We have been using UPU Netwrap for RDF bailing since 2022. Unlike almost every other material or piece of machinery involved in the process, the performance of the netwrap has been 100% flawless; no snags, breakages or any other issues of any sort.*

*Furthermore, UPUs communication direct with our sites has resulted in well maintained, optimal level of stock the supply of which has remained constant against a rather fluid international economic backdrop.*

*And you can quote me"* ***– Mick George – UK***
